What Army and Navy Folk Are Doing

Tenth Well Received.

Contrary to the first expectations of the Vermonters, who petitioned the War Department to revoke the order sending the 40th Cavalry to Burlington, an officer of that regiment writing to Manila states: "You have no idea how well we have been received everywhere and what good feeling exists toward our regiment." This officer writing from Fort Ethan Allen, states, "We have been settled here since the latter

part of July, with the exception of one month six troops and the machine gun platoon were at the Massachusetts maneuvers. Our march covered about 450 miles. About 17,000 troops participated but the 10th Cavalry was the only regulars present. Major Sand's squadron, the band and machine gun platoon were sent to the tournament at Albany to be there during the Hudson-Fulton celebration. Secretary Meyer has been placed in

a position of great embarrassment in regard to the further prosecution of the work of the new drydock at the New York Navy Yard. There have been two failures of contractors owing to peculiar instability of the ground to be excavated, and recently when bids were invited, the bidding was limited to five firms selected by the Secretary. The bids were opened on Oct. 30, and the Holbrook, Cabot and Rollins Company, of Boston, was the lowest, with a bid of \$1,389,000. The other bidders were S. Pearson and Sons, of New York, \$1,718,000; if the machinery on the ground could be used, and \$1,720,000 if new machinery were required; the Foundation Company, of New York, \$1,760,183 with the old machinery and \$1,775,183 without it, and the McArthur Brothers Company, \$1,875,000 with the old machinery and \$2,250,000 without it. The question arose in considering the bids as to just how much available money could be applied to a contract at this time. The matter having been referred to the Attorney General for opinion, it was held that the amount that had been paid the defaulting contractor and which the Government will sue to recover, must be covered back into the Treasury and therefore was not available as a part of the appropriation. That leaves \$1,260,000 on hand, of which it is estimated that \$200,000 must be applied to the construction of caissons. The remainder, \$1,060,000, would not be sufficient to pay the lowest bidder if the contract were let to the firm, and the Secretary has no authority under the law to make a contract for a sum greater than the existing appropriation. An effort is to be made to arrange a partial contract on the plan of a continuing contract, with the expectation that legislation may be had next winter that will straighten the whole matter out.

House Cost Limit.

It has been decided by Quartermaster General Mesher that it shall be the policy hereafter in the planning of quarters for Army posts to limit the cost of houses for brigadier generals to \$15,000, for field officers to \$12,000, and for company officers to \$9,000. At most of the larger posts too many large and costly houses have been constructed, so that the anomalous situation has been presented of company officers being compelled to live in houses that a few years ago a colonel or a brigadier general would have been very glad to get. The average double house at a regimental post costs on the average \$26,000, and the result is a house that few officers find themselves willing or able to furnish, with the attendant expense also of employing more servants than would be necessary in smaller quarters.

Soldiers' Home Figures.

The report of the Commissioners of the Soldiers' Home shows a decrease of forty beneficiaries on the rolls since the last annual report, leaving a total of 1,344 on the rolls June 30, 1909. For permanent improvements \$614,005.46 was expended, and the permanent fund has been decreased by \$462,754.53 during the year, leaving \$3,257,446.96. There are fifty-five beneficiaries who served in the war with Mexico and 370 who served in the Civil War. One-half of the beneficiaries are Americans, about one-fifth Irish and one-eighth German. The ages range from 22 to 93 years; 550 are from 60 to 93 years of age, and 277 have served from twenty to thirty-one years in the Army. Of the 281 inmates of the home, 815 are receiving pensions, and of these ninety-five are receiving from \$24 to \$55, one \$72 and one \$100 per month. Of the inmates 292 are employed and paid by the home as non-commissioned officers, clerks, electric-

ians, kitchen and dining-room attendants, ward masters, gate keepers, laborers, etc. Based on the actual running expenses of the home (which do not include the amounts paid for outdoor relief, expenses of inmates at Fort Bayard, etc.), the average cost per man per month was \$28.15, of which amount \$9.66 was for subsistence. The attending surgeon reports that 775 patients were treated in the hospital; that the daily average was 170.81; that the average age of patients was 55.62 years; that 4121 were treated at sick call, and that the ratio of deaths to 100 inmates per annum was 5.51. In the general hospital at Fort Bayard, N. Mex., for the treatment of consumptives, 355 beneficiaries of the home have been treated during the past year at an expense to the home amounting to \$29,899.27. Good discipline appears to be maintained. The principal offenses committed are drunkenness, disorderly conduct, and bringing liquor into the home. Total number of arrests, 148; trials for drunkenness, 54; total number of members offending, 157; percent of members offending to average present, 7.17; last year, 7.55.

PERFECT PHOTOGRAPHING

When you want photographs that are real likenesses pose for your picture at the M. K. Henry Gallery on Hotel street opposite the Art Theater. Enlargement work done. Also printing and developing.

It Is No Gamble With Us

LOGAN BRINGS FT SHAFTER BOYS

Soldiers Free From Duty During Holidays — New Glee Club Is Formed — Battalion Drill and Lecture on First Aid to Wounded

All of the Fort Shafter soldiers are smiling as it is just ten days until holidays. Duty will be suspended for two weeks. As yet the order has not been published. This means that during the holidays there will be no duty whatever except the necessary guard and police. Of course there is some work that is compulsory even at this time.

Back on Logan.

Private Logan of Company E and Private Berger Company G returned on the U. S. A. transport Logan from San Francisco where they have been attending the school for cooks and bakers. Both declare that they had a pleasant time while in Frisco but both acknowledge that they are glad to get back to their companies. Fort Shafter and Honolulu, all the boys welcome their return.

Guard Mount.

Monday Companies E and F mounted the entire guard. Company G and H mounted the entire guard Tuesday. Two companies mount the entire guard each day on account of gymnasium drills except on Fridays, Saturdays and Sundays on these three days the details are called for from each company, as there is no gymnasium drills.

Glee Club.

There was a meeting held in the administration building at Fort Shafter Monday night organizing a glee club. There are a few soldiers in this movement but the majority are men from Honolulu. There is about 25 pieces in all and as there are some first class musicians interested doubtless it will be a success. A wireless was received Monday that there would be some recruits on the transport Logan but there was some mistake as none arrived.

First Aid.

The Battalion had for the usual drill Tuesday morning an hour lecture in first aid for the wounded, for the past two weeks every other days drill has been first aid, after the lecture Tuesday morning Companies E and F were instructed in gymnasium drill for one hour.

Callers from Logan.

Several of the troopers of the 2nd Cavalry that are passing through on the U. S. A. transport Logan were pleasant visitors at Fort Shafter Tuesday, many men in the 29th Infantry have old time friends in the Second Cavalry and were out Tuesday shaking hands and talking over the old times in '98 and '99.

Back to Duty.

Private Petrowski Company G, 20th Infantry was released from the Fort Shafter post hospital Tuesday and returned to his company for duty. Private Petrowski has been in the hospital since September 26th, he had a severe case of typhoid fever, about a month ago, he was released for a few days but was compelled to return to the hospital again as the fever left him so weak that he was unable to do the duties of a soldier. But he is completely recovered now and as strong as before his illness.

185 editorial rooms—256 business offices. These are the telephone numbers of the Bulletin office.

Choice Delicacies FOR THE Christmas Dinner

The Selection of Good Things for the Christmas Dinner will cause no worry if you consult this List:
